ABDELMALEK LABBACI

AI Product Builder, Agentic Systems & Growth Engineer

Algiers & Cherchell, Algeria | abdelmaleklabbaci01@gmail.com | github.com/MalekLabbaci | linkedin.com/in/labbacimalek

PROFESSIONAL SUMMARY

Elite Autonomous AI Product Builder, Full-Stack Engineer, and Digital Growth Strategist with extensive experience scaling proprietary SaaS platforms and directing high-performance digital marketing agencies. Power user of modern agentic development loops (Claude Code, LLM APIs, MCPs) combined with elite commercial closing skills, exceptional leadership, and comprehensive creative direction (filmmaking, graphic design, video editing). Proven track record of architecting production-ready applications from scratch while driving massive multi-channel user acquisition and brand impact.

CORE EXPERTISE & TECHNICAL STACK

• AI Agentic Systems & Development: Claude Code, Advanced Prompt Engineering, Multi-tenant RAG architectures, LLM APIs (OpenAI, Anthropic), Model Context Protocol (MCP), Automated Evals, Edge Functions.
• Full-Stack Software Engineering: TypeScript, React, Next.js, Vite, Node.js, Python, Supabase, PostgreSQL, REST APIs, Webhooks, GitHub, Vercel, Cloudflare Workers.
• Growth Engineering & Automation: Early Adopter & Lifetime User of ViaSocket for complex workflow orchestration, Make, n8n, Advanced Funnel Optimization, Meta Ads, GA4, Go-To-Market (GTM) Strategy.
• Creative Direction & Multimedia: Professional Filmmaking, Art Direction, Brand Identity, UI/UX Design, Advanced Video Editing, Adobe Photoshop, Premiere Pro, After Effects, CapCut Pro.

PROFESSIONAL EXPERIENCE

Founder, CEO & Lead AI Product Builder | iVISION Agency (Online / Cherchell, Algeria) | 2025 – Present

• Direct end-to-end digital growth, brand positioning, performance marketing, and custom software delivery for over 40 active enterprise and SME clients.
• Spearhead high-impact commercial negotiations and contract closing, establishing iVISION as a premier regional digital powerhouse.
• Design and deploy automated GTM funnels, custom AI customer service agents, and multi-tenant client portals utilizing advanced webhooks and API orchestration.
• Lead full creative direction including video production, high-conversion ad creatives, and comprehensive brand identity packages across French, Arabic, and Darija markets.

Founder & Lead Developer | Proprietary SaaS Ecosystem | 2024 – Present

• Architected and launched multiple production-grade SaaS applications to solve high-value operational bottlenecks:
- Sawtify (sawtify.space): Advanced AI Text-to-Speech platform tailored for Algerian Darija, French, and Standard Arabic, featuring custom voice models and MCP integrations.
- JawebFlow (jawebflow.xyz): Conversational AI sales assistant and CRM widget automating lead

acquisition and multi-channel customer support across Web and Social DMs.
- eFOLIO (efolio.ink): High-velocity portfolio and resource hub designed for freelancers, creators, and agencies.
- rawdha+: Comprehensive web and desktop management platform for educational centers and crèches integrating administration, teacher tracking, and real-time parent portals.

Senior Software & Web Engineer | International Client Projects (MoveSmart Dubai & NSpear Algeria) | 2024 – 2026
• Engineered high-performance web platforms and digital infrastructure for international entities, notably MoveSmart (Dubai real estate & business setup platform) and NSpear Agency (Algeria).
• Integrated complex multi-database schemas, lightning-fast frontend interfaces, and automated lead generation pipelines resulting in record client conversions.

Digital Marketing Manager & Art Director | MSC Cherchell Football Club | 2020 – 2022
• Managed complete digital marketing strategy, social media branding, and visual identity to amplify club engagement and supporter acquisition.
• Supervised video production, matchday media coverage, and promotional campaigns.

Art Director | Jil FM (National Radio Station, Algiers) | 2019 – 2020
• Directed visual communication, branding assets, and digital campaigns for national broadcast programs, managing creative teams and content delivery.

Freelance Filmmaker, Designer & Video Editor | 2018 – Present
• Delivered hundreds of high-end commercial videos, brand identities, promotional campaigns, and motion design projects for local and international brands.
• Expert command over professional editing software suite (Premiere Pro, After Effects, CapCut Pro) and studio camera hardware.
